

Ranbaxy Laboratories Ltd
50 Participants, Lonavalla

Dear Amit,

It was an absolute delight to have your session with India Region Team of Ranbaxy Laboratories Ltd. in January-2011.

The team was particularly impressed with the physical and mental preparation that a high performer has to undergo.

Success is a matter of consistent disciplined effort and your inspiring story drove the point home very well.

Participants also appreciated your informal presentation style- lively and generously sprinkled with humour.

I am glad to inform you that your session certainly added that energy and 'Can-Do' spirit which we I was looking forward to for our 2011 journey.

Wishing you best and looking forward to have more interactions in days ahead.

Regards,

Rajesh Vaidya
